Makes possession of anhydrous ammonia a Class D felony if the anhydrous ammonia is possessed with the intent to manufacture methamphetamine. Makes possession of anhydrous ammonia or two or more chemical reagents or precursors with intent to manufacture methamphetamine a Class C felony if the substances are possessed on a school bus or within 1,000 feet of a school, family housing project, or public park. SECTION 2. IC 16-42-3-4 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2001]: Sec. 4. A drug or device is considered to be misbranded under any of the following conditions:

(1) If the labeling of the drug or device is false or misleading in any way.

(2) If the drug or device is in package form unless the drug or device bears a label containing:

(A) the name and place of business of the manufacturer, packer, or distributor; and

(B) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count.

However, under clause (B) reasonable variations shall be permitted and exemptions as to small packages shall be established by rules adopted by the state department.

(3) If any word, statement, or other information required to appear on the label or labeling, under this chapter or a rule adopted under IC 16-42-1-2 is not prominently placed on the drug or device with conspicuousness (as compared with other words, statements, designs, or devices in the labeling) and in such terms that make the label likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(4) If the drug or device:

(A) is for use by humans; and

(B) contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, **methamphetamine**,

or sulphonmethane, or any chemical derivative of such substance, which derivative after investigation has been found to be and is designated as habit forming, by rules adopted by the state department under IC 16-42-1 through IC 16-42-4 or by regulations issued under 21 U.S.C. 352(d); unless the label on the drug or device bears the name and quantity or proportion of that substance or derivative and the statement "Warning: May Be Habit Forming".

(5) If a drug, unless the following conditions are met:

(A) The label on the drug bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula, the following:

(i) The established name of the drug, if any.

(ii) If the drug is fabricated from at least two (2) ingredients, the established name and quantity of each active ingredient, including the kind and quantity or proportion of any alcohol and, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acetphenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of those substances contained in the drug. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subdivision, applies only to prescription drugs.

(B) If a prescription drug, the established name of the drug or ingredient on the label (and on any labeling on which a name for the drug or ingredient is used) is printed prominently and in type at least half as large as that used for any proprietary name or designation for the drug or ingredient.

However, to the extent that compliance with the requirements of clause (A)(ii) or clause (B) is impracticable, exemptions shall be allowed under rules adopted by the state department or by regulations promulgated under the Federal Act.

(6) Unless the drug's or device's labeling bears:

(A) adequate directions for use; and

(B) adequate warnings against use in those pathological conditions or by children where the drug's or device's use may be dangerous to health or against unsafe dosage or methods or duration of administration or application in the manner and form that is necessary for the protection of users.

C
o
p
y

However, if any requirement of clause (A) as applied to any drug or device is not necessary for the protection of the public health, the state department shall adopt rules exempting the drug or device from that requirement.

(7) If a drug purports to be a drug the name of which is recognized in an official compendium, unless the drug is packaged and labeled as prescribed in the compendium. However, the method of packing may be modified with the consent of the state department in accordance with regulations promulgated by the federal security administrator under the Federal Act. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States, the drug is subject to the requirements of the United States Pharmacopoeia with respect to packaging and labeling unless the drug is labeled and offered for sale as a homeopathic drug. In that case the drug is subject to the Homeopathic Pharmacopoeia of the United States and not to the United States Pharmacopoeia.

(8) If a drug or device has been found by the federal security administrator or the state department to be a drug liable to deterioration, unless the drug or device is packaged in a form and manner and the drug's or device's label bears a statement of such precautions as the federal security administrator or the state department requires by rule or regulation as necessary for the protection of the public health. A rule or regulation may not be established for any drug recognized in an official compendium until the federal security administrator or the state department informs the appropriate body charged with the revision of the compendium of the need for the packaging or labeling requirements and that body fails within a reasonable time to prescribe requirements.

(9) If a drug's container is made, formed, or filled as to be misleading.

(10) If a drug is an imitation of another drug.

(11) If a drug is offered for sale under the name of another drug.

(12) If a drug is or purports to be or is represented to be a drug composed wholly or partly of insulin, unless:

(A) the drug is from a batch with respect to which a certificate or release has been issued under Section 506 of the Federal Act; and

(B) the certificate or release is in effect with respect to the drug.

(13) If a drug is or purports to be or is represented to be a drug composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative of those drugs, unless:

(A) the drug is from a batch with respect to which a certificate or release has been issued under Section 507 of the Federal Act; and

(B) the certificate or release is in effect with respect to that drug.

However, this subdivision does not apply to any drug or class of drugs exempted by regulations promulgated under Section 507(c) or 507(d) of the Federal Act.

(14) If a drug or device is dangerous to health when used in the dosage, or with the frequency or duration prescribed, recommended, or suggested in the labeling of the drug or device.

(15) Under the conditions described in section 6 of this chapter.

(7) The defendant was less than eighteen (18) years of age at the time the murder was committed.

(8) Any other circumstances appropriate for consideration.

(d) If the defendant was convicted of murder in a jury trial, the jury shall reconvene for the sentencing hearing. If the trial was to the court, or the judgment was entered on a guilty plea, the court alone shall conduct the sentencing hearing. The jury or the court may consider all the evidence introduced at the trial stage of the proceedings, together with new evidence presented at the sentencing hearing. The court shall instruct the jury concerning the statutory penalties for murder and any other offenses for which the defendant was convicted, the potential for consecutive or concurrent sentencing, and the availability of good time credit and clemency. The defendant may present any additional evidence relevant to:

(1) the aggravating circumstances alleged; or

(2) any of the mitigating circumstances listed in subsection (c).

(e) Except as provided by IC 35-36-9, if the hearing is by jury, the jury shall recommend to the court whether the death penalty or life imprisonment without parole, or neither, should be imposed. The jury may recommend:

(1) the death penalty; or

(2) life imprisonment without parole;

only if it makes the findings described in subsection (k). The court shall make the final determination of the sentence, after considering the jury's recommendation, and the sentence shall be based on the same standards that the jury was required to consider. The court is not bound by the jury's recommendation. In making the final determination of the sentence after receiving the jury's recommendation, the court may receive evidence of the crime's impact on members of the victim's family.

(f) If a jury is unable to agree on a sentence recommendation after reasonable deliberations, the court shall discharge the jury and proceed as if the hearing had been to the court alone.

(g) If the hearing is to the court alone, except as provided by IC 35-36-9, the court shall:

(1) sentence the defendant to death; or

(2) impose a term of life imprisonment without parole;

only if it makes the findings described in subsection (k).

(h) If a court sentences a defendant to death, the court shall order the defendant's execution to be carried out not later than one (1) year and one (1) day after the date the defendant was convicted. The supreme court has exclusive jurisdiction to stay the execution of a

C

1 death sentence. If the supreme court stays the execution of a death
 2 sentence, the supreme court shall order a new date for the defendant's
 3 execution.

4 (i) If a person sentenced to death by a court files a petition for
 5 post-conviction relief, the court, not later than ninety (90) days after the
 6 date the petition is filed, shall set a date to hold a hearing to consider
 7 the petition. If a court does not, within the ninety (90) day period, set
 8 the date to hold the hearing to consider the petition, the court's failure
 9 to set the hearing date is not a basis for additional post-conviction
 10 relief. The attorney general shall answer the petition for post-conviction
 11 relief on behalf of the state. At the request of the attorney general, a
 12 prosecuting attorney shall assist the attorney general. The court shall
 13 enter written findings of fact and conclusions of law concerning the
 14 petition not later than ninety (90) days after the date the hearing
 15 concludes. However, if the court determines that the petition is without
 16 merit, the court may dismiss the petition within ninety (90) days
 17 without conducting a hearing under this subsection.

18 (j) A death sentence is subject to automatic review by the supreme
 19 court. The review, which shall be heard under rules adopted by the
 20 supreme court, shall be given priority over all other cases. The supreme
 21 court's review must take into consideration all claims that the:

22 (1) conviction or sentence was in violation of the:

23 (A) Constitution of the State of Indiana; or

24 (B) Constitution of the United States;

25 (2) sentencing court was without jurisdiction to impose a
 26 sentence; and

27 (3) sentence:

28 (A) exceeds the maximum sentence authorized by law; or

29 (B) is otherwise erroneous.

30 If the supreme court cannot complete its review by the date set by the
 31 sentencing court for the defendant's execution under subsection (h), the
 32 supreme court shall stay the execution of the death sentence and set a
 33 new date to carry out the defendant's execution.

34 (k) Before a sentence may be imposed under this section, the jury,
 35 in a proceeding under subsection (e), or the court, in a proceeding
 36 under subsection (g), must find that:

37 (1) the state has proved beyond a reasonable doubt that at least
 38 one (1) of the aggravating circumstances listed in subsection (b)
 39 exists; and
